We are a family

The time that I stayed in Lampung is so beautiful that I cannot forget any moments. I was amazed at the local people over there. They are so friendly and sincere. My parents mentioned to me

about visiting Indonesia before but I cannot believe that I could join in International Internship Scholarship 2017 at Darmajaya. That is the great time in my life. I can make friend with many people and learn a lot of thing through activities that International Office make a schedule for me.

It's very pleasure to have chance to work in International Office at Darmajaya. Ms. Rahmalia is a best director that I've ever met. She is always enthusiastic in her work. It is the first time I've met an out-going director like her. I can talk to her about everything because she is the empower person that I ever had that I can express myself to understand what I am saying and what I am feeling. She always listens and gives me good advice. I know that all of us makes her get angry sometimes because of our behavior. I really want to say sorry to her if I make any mistakes that make her feel sad. The second person from International Office that I want to mention is my boss. His name is Mr. Anggi. He usually calls me Boss but actually he is my real boss. He is a hard-working and serious person. Although he makes us feel stress sometimes, we know that he just wants us finish our project as soon as possible and then we can check it again. I found that he is a responsible leader. He was always busy but he didn't forget to remind us about the project. Besides, I would like to mention about Mr. Reli. He is my supervisor. Actually, we didn't have a lot of time to work directly together but I can feel that he is an enthusiastic staff. He gave me an answer anytime that I have a question. He's always ready to help us as much as possible. During the time that I worked in International Office, I knew we are a team and I always tried my best to finish my responsibility, to make our team more professional and to help our program successful.

International Office provided us with many useful activities that help us improve ourselves as well as learn the culture in Lampung. I'm very proud of myself because I can perform traditional dance and Pencak Silat also in culture festive day. I'm so happy when I have chance to try traditional clothes in Lampung. My friend said that I look like Indonesian. Even they cannot recognize me when I put my makeup. Anyway, that is one of my good moments that I'll never forget in my life. I'd like to say thanks to Ms. Widia – my Pencak Silat teacher. She is still young but she is so talented and hard-working. She can speak English, Chinese and of course her language. She works as Pencak Silat teacher. She works hard every day and she is an enthusiastic

person also. Besides, I can make friend with many students from Darmajaya as well as from outside. All of them are so kind and amusing. I still keep contact with some friends until now. It's so great to make friend from over the world. And finally, I just want to say that I spent a month in Lampung, Indonesia getting a lot of experiences about working in the international environment and discovering Lampung, Indonesia. Thank you very much for all. I would be grateful if you could call me back to Indonesia as soon as possible.
